

Attn: All KINGWOOD residents

As a concerned resident I feel that a situation that is brewing needs to be brought to your attention.. It seems that several members of the homeowners board have decided that on Labor Day weekend they are planning an elaborate party. From the few details that have leaked out, they are planning on live bands, catered food, and providing alcohol. Not only is this for the residents of Kingwood but they are planning on inviting ALL of Fairview and have nicknamed the event "The Taste of Kingwood". While I enjoy a party as much as the next I have a hard time with this extra expenditure of OUR money. This is the same board whom just 10 months ago raised the association dues because we were so financially strapped and now they want to spend hundreds of OUR dollars on a party that actually exposes all of us to a potential lawsuit. If they do serve alcohol to any one person and that person has an accident WE ARE ALL LIABLE. (Remember the LSI lawsuit) I for one do not want to foot the bill so that others can eat, drink, and expose our community to all for whatever happens.. We have had enough trouble with outside persons coming into our community and causing problems and now they want to invite it. With all the children in this community I can't believe that the board would promote or consider such an obvious ADULT only event with a full bar but what do you really expect, after all these are some of the same people that drink and smoke at the pool EVERY weekend. What a great example these "Leaders" of our community make.. I urge you to contact Timmons and voice your concern as I have done already.. The board is supposed to represent the needs of the ENTIRE community and not just what THEY want. After all they are spending OUR hard earned money for the benefit of a FEW. I'm sure our money could be spent in a better way like fixing the light poles around the pool, updating the clubhouse, replacing missing street signs ect.... ect.....
